## ADVANCED, MASTER CLASS **THE WORLD OF WINE & THE ART OF WINE APPRECIATION**

**“Learn how to taste and discover the wonder world of wine and wine tasting”.**

Illustrated with an excellent and extensive wine list this advanced seminar is the perfect opportunity to explore, in depth, the magic world of quality wines and to taste world famous wines.

It covers a wide range of subjects that interest any true and demanding wine enthusiastic and professional like:

Definition, historical background of wine. Wine fermentation, what is it and which factors influence it. Types and styles of wine. Factors that affect fine wine production. Wine production. The different wine tastes and practical exercise. Wine nose and aromatic characteristics – introduction to the world of wine aromas and practical experience. Food and wine, the right combinations. Serving wine. Quality criteria. Wine tastes. Wine cellaring and cellar planning. The art of wine tasting.

With this master class we lay the groundwork so that you can find your own way around the vast universe of the world's wine, as well as identifying and expressive your own tastes and sensations.

Our ambition is to share with you the pleasure of quality and wine tasting.

The practical experience involves tasting of over 70 quality wines (valued over €1200) from famous regions of the world including champagne!

The Master Class is divided in 6 weekly sessions. Total duration is about 22 hours and it takes place in both Limassol and Nicosia.
